

Your Pathway to University

You can begin anywhere on this flowchart, can skip steps and start over at any time.

* Bridging Courses enable you to obtain a rank (equivalent to an OP) and meet any required prerequisites. Bridging courses include the Adult Tertiary Preparation (ATP) Program offered at TAFEs; Y11/Y12 Authority Subjects (Coorparoo, Eagleby and Kingston); Hubbards; UNILEARN; and Open Universities Australia (OUA) preparatory courses. Some universities offer their own bridging programs (e.g. Griffith; UQ; Bond; USQ; SCU; CQU and JCU). Contact QTAC for more information: www.qtac.edu.au or 1300 467 822. Always check with the university you wish to enrol in for additional direct entry pathways and bonus rank schemes.
